ENDURANCE TECH CORE

Featuring proprietary technology to create the ultimate strength SPC waterproof core, which provides over 2000kg m3 density. This results in a product that is structurally solid, impact resistant, extremely durable and guaranteed to last. We achieve this by utilizing a premium quality and completely safe formula which consists of 70% Natural Stone, Virgin PVC, as well as the highest-grade polymers and minerals fused together under heat & high pressure using special tech Extruders. Our Core provides next-level performance above and beyond competing products.

ULTIMATE SHIELD SPECIAL SURFACE COATING

Sets a new industry benchmark in surface protection. This Special UV Coating Technology provides

superb performance in Scratch, Stain and Wear Resistance (10x Stronger Resistance than regular UV) It is sourced from an American company and found on all Buen Products
